LITIGATION & ARBITRATION

Litigation & Arbitration

We work jointly with our clients to create and develop strategies seeking to achieve the best possible outcome. With a view to the commercial and legal impact and consequences for our clients, these often include: freezing orders and injunctions, obtaining and enforcing security, disclosure and search orders, producing evidence from other jurisdictions, enforcement of judgments and arbitration awards through local courts, among others.

We have extensive experience advising national and foreign clients in disputes before arbitration and national courts, covering various sectors such as the food industry, construction, telecommunications, finance, automotive, pharmaceutical, oil and gas, among others.

Our deep commercial litigation expertise is built upon experience in the following areas: class actions, corporate disputes, cyber disputes, enforcement actions, financial services disputes, insolvency cases, breach of civil and commercial contracts, family and inheritance.
